

Environmental Policy

It is Kingspan Group's objective to conduct its business activities in an environmentally responsible manner. Under Kingspan Group's Environmental Policy, the Group is committed to:

- Complying with applicable environmental legislation
- Optimising energy and raw material usage
- Prevention of pollution and environmental damage
- Continuous improvement of environmental performance

To this end, Kingspan Group is endeavouring to :

- Embed environmental responsibility throughout the Group by designating champions at Group and Divisional levels
- Set and monitor key objectives and targets to minimise environmental impact
- Carry out environmental due diligence on any future acquisitions
- Actively promote environmental awareness among Kingspan employees by providing appropriate training programs
- Engage external consultants to conduct Environmental Audits at key manufacturing locations
