The Leo-Klip™ Fastening System is a high-performance fastening solution designed for use with Kingspan KS Series and Optimo® insulated metal panel assemblies. This system offers enhanced structural performance with simple installation.

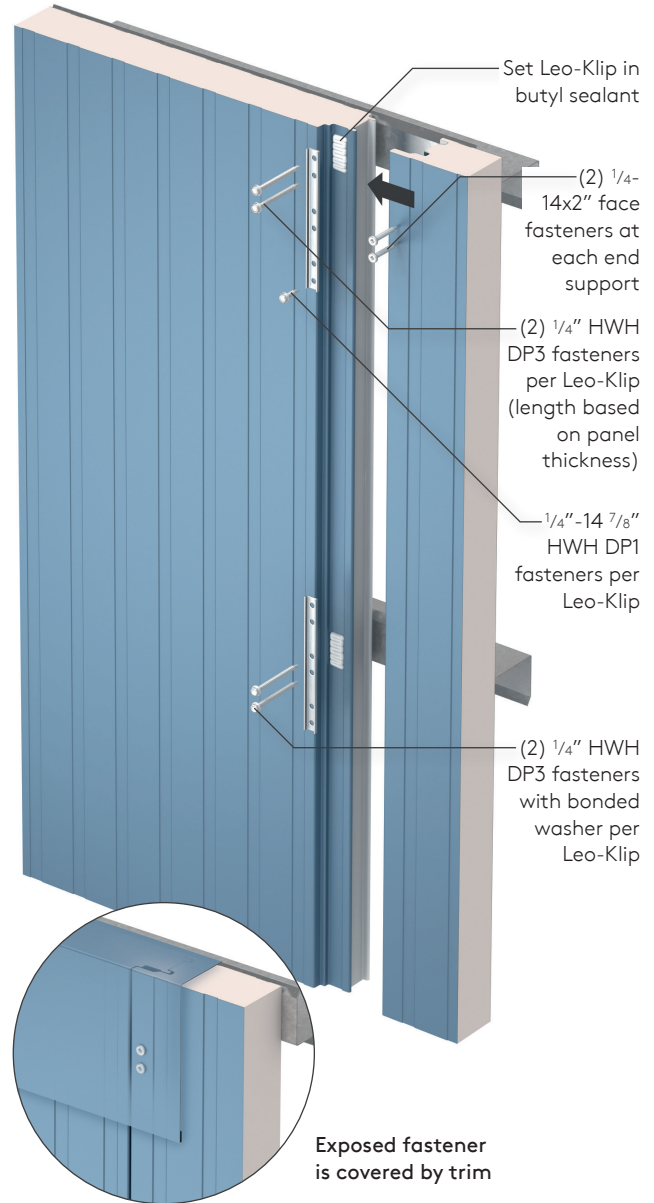

- Reduces installation time and overall cost.
- Limits the need for back-fastening.
- One clip design works for both intermediate and end supports.
- Universal compatibility with KS Series and Optimo® panels.
- No impact on air, water, vapor, or thermal performance.
